

Magna Grip Literature Sheet:

Magna Grip Mat Underlayment is used to keep rubber backed floor mats with a cleated back from sliding on carpet.

The releasable-adhesive backside holds the Magna Grip to all floor surfaces, yet it also allows for easy mat removal and reuse. The non-adhesive top surface is designed to grab any cleated backed mat.

Magna Grip can be cut to fit.

It is ideal for mats that are constantly removed for cleaning purposes.

28" x 50" = ideal for 3' x 5' or smaller mats

36" x 60" = ideal for 4' x 6' mats

28" x 108" = ideal for larger mats

36" x 108" = ideal for larger mats
